**HAWKINS COUNTY DEPARTMENT.**  
L. L. POATS, Editor.  
ROGERSVILLE, NOV. 21, 1877.

—That election in New York was not such a tremendous Democratic victory as it might have been. But then we'll try to make out with it until next time.

—James Webster, Newton Williams and Mrs. Hopkins, all of Hawkins county, started to Texas last Monday with their families. They go to Grayson county, and the three families will increase the population of the Lone Star State some twenty souls.

—A very intelligent person told us the other day that he had been riding over the country a good deal lately and it was his opinion that there is more wheat sown this fall than ever was sown in Hawkins county any one season before.

—Our information is that the corn crop North of Clinch Mountain is turning out better than the farmers expected. On the south of the mountain, and especially south of Holston river, the crop is light. A falling off, perhaps, of one-third from the yield of last year.

—Wheeler Mead has sold Marble Hall in Hawkins county to Mr. Brown, of Morristown, for six thousand dollars. This is perhaps the finest dwelling house in East Tennessee, and originally cost 16 or 18 thousand dollars. It was built by Orville Rice, Esq.

—Young man, go to Texas! Stay there about one year or two years, and then write back home to your folks and beg for money enough to bring you back to East Tennessee. When you get back you will look like a smoked ghost. That is the way it frequently happens. They have the "ague" in Texas.

—The wife of a man in North Carolina, the other day gave birth to four infants at one time. Two years ago the same woman had three at a birth. She has been married three years and has seven living children. She is supposed to belong to the Chester White stock, and would be an exceedingly useful woman in a thinly settled country.

—The school teachers of Hawkins county met in convention at St. Clair last week, and had quite a lively time of it. One resolution passed by the convention was that there is no present time. There is no such time as now. Well, that might do for a lot of teachers to believe, but we have an idea it is simply nonsense. Yesterday is gone; to-morrow is coming—to-day is here now. When pay-day comes round all these fellows will believe in a now and will be apt to say their money is due them at this present time.

**HAWKINS COUNTY TEACHERS' INSTITUTE.**  
ST. CLAIR, TENN., NOV. 7, 1877.

The third Hawkins County Teachers' Institute was held in St. Clair Academy, the 3d instant, and was opened by Mr. L. W. Brown, County Superintendent, at 9 o'clock, a. m. Fifteen teachers of Hawkins, five from Hamblen and one from Greene county were present, and participated in the exercises of the occasion.

H. M. Sherwood, Superintendent of Hamblen county, was present, and added much to the interest of the meeting.

Mr. Smith, of McPherson's Bend, was chosen President, and E. Wilson, of Choptank, Secretary. These gentlemen conducted the business of the meeting with consummate skill, and to the satisfaction of all concerned.

H. M. Sherwood taught the first class in grammar, showing an ability to teach this science fully up to present thought on the subject, eliciting a good deal of discussion, conducted with marked ability by teachers.

Prof. Burnett, of Whitesburg, next demonstrated his system of teaching arithmetic, making a very good impression on the Institute.

Prof. Broyles gave an excellent lecture on the science of geography, which produced considerable discussion, and made a very good impression.

In the afternoon, the Query Box was called out, and produced a good deal of amusement, mixed with the useful and scientific.

But, the crowning glory of the meeting was the speech of H. M. Sherwood, on "Educated Labor," and the debate on Saturday night. The subject was: "Resolved, that there is present time." Affirmative—L. W. Brown, Prof. Broyles, and Charles Wallace. Negative—H. M. Sherwood, Prof. Burnett and W. B.

**Baldwin. Judges—Profs. Mane, Jones and Rice.** After a very able and interesting contest, it was decided in favor of the negative, by one vote—Mane going for the affirmative.

Altogether the Institute was a success, and everybody went away well pleased. Yours truly, C.

**The Philosophy of Life.**  
In church and in State  
It is rule or ruled;  
In courtship and marriage  
It is fool or be fooled;  
In logic and law  
It is trick or be tricked;  
In nicks or be nicked;  
In gambling and trade  
It is trick or be tricked;  
In treaty and war  
It is heat or be beaten;  
In the struggle for life  
It is eat or be eaten.

**LOCAL ITEMS.**

[After the manner of the Columbia papers and others.]

—Jim Spriggins and his lovely bride visited town last Saturday. This accomplished lady has a mole on her nose. Jim had a boot on his right foot and a shoe on the left. The young couple are going to settle on Skin Foot.

—John Smith and Bill Johnson went possum hunting last Friday night. They found two possums. They are going again.

—The elegant, accomplished and fascinating Miss Julia Ann Skipper of the city, is visiting relatives in the country. Ingos will be kinder skace among the young lads' when she leaves.

—At the residence of our special friend and subscriber, John Buggers, Esq., one evening last week there was a social party. The youngsters enjoyed themselves hugely. The generous hostess fed them bountifully on stewed pumpkin and fried mulling. Hard cider and buttermilk were served out in bountiful quantities.

—We are indebted to Sam Snipper for the present of a skinned possum. It was a darned poor possum and tough eating. We thank him for the fifteen thousand times for his noble generosity.

—Bill Buster is an enterprising man. He has lately built a new hen house; put 4 new rails on his hog pen, bought his wife a pair of shoes, and is going to put linings on his door soon, so that it will open and shut.

—Miss Tabby Runner has gone to North Carolina to see her Uncle. She is the most beautiful young woman in the United States. Her Uncle is the sole owner of 10 acres of white sand down there and she is his heiress. The young man that succeeds in catching her will be bald headed before he gets to be an old man.

—Miss Ida Looney, of Rock City left for her home yesterday after a visit of ten days. She has been the recipient of magnificent ovations during her stay, and has won many friends—not to say lovers. Ida is not only luscious in appearance, but what is better, possesses that Cleopatra style and manner that charms, fascinates, subdues and wins. Selah!

**TAX SALES.**

**State of Tennessee—Hamblen County.**

By virtue of the power and authority vested in me as Trustee and Revenue Collector of Hamblen County, I will, on the 3d Thursday of December, 1877, it being the 20th day of said month, offer for sale at the door of the court house in Morristown, the following described tracts of land, town lots, and parts of town lots, the same having been assessed for taxes for the year 1876, which taxes are due and remain unpaid, together with penalties and costs.

Given under my hand at office in Morristown, this November 20th, 1877. J. E. Thompson, Revenue Collector, Hamblen County.

**FOR SALE.**

**A Small Farm**  
Lying one mile from Morristown, on the Clinch Mountain Railroad, containing 20 acres. Has a good cottage house, good barn, good small orchard, and running water. It is a desirable location and will be sold very cheap. Apply at this office. Oct 10-4t

The following note was picked up on the street yesterday, can be had by calling at this office:

DEAR JOHN: Please come home. We need you very much, as several sad accidents have befallen us. John sprained his ankle badly, and Sarah's frosted feet are troubling her. My corns are increasing in number and severity, and the knots on our mill's back are growing larger. Uncle Dick is laid up with the Rheumatism, so do come home, and bring a bottle of Cousen's Lightning Liniment, which is successfully used by all of our neighbors, for each of the above afflictions. You can buy it at any drug store for 50 cents a bottle.

MARY.

For sale by W. P. Carriger, Morristown, Tenn.

**Recommended by the Press.**

It is a source of much pleasure and gratification to notice articles as the following which appeared in a recent number of the *Examiner* and *Harvard*, published at Marion, Va.

**SEVEN SPRINGS "IRON AND ALUM MINE."** This celebrated preparation is daily adding to its already justly won celebrity. From all sections of the country we receive the most favorable accounts of its great efficacy. It has been used with the most satisfactory results by a great number of our citizens, for various diseases, such as Scurvy, Erysipelas, Dyspepsia, and a variety of chronic affections. Nearly every one who has tried it, speak of it as a wonderful specific. As for my own experience, I can truly say, that I have never found such a speedy and effective remedy for disordered stomach and Sick Headache. If properly used it will certainly relieve these unpleasant complaints in an astonishingly brief space of time.

Our personal knowledge of its medical virtues, and knowing the source from whence it is obtained, as well as a personal acquaintance with the manufacturers, we can confidently recommend its use to any who may be afflicted with a safe and reliable family medicine.

**ALEXANDER H. STEPHENS** uses "Durang's Rheumatic Remedy" for rheumatism. It never fails. Ask him. nov 7-77-6m

On meeting a friend the first inquiry is always regarding his health. Why? Because health is in the first consideration; yet many will sit in a cold, damp chamber, regardless of week lungs and hacking cough. Discard some of the ephemeral pleasures of the day, such as theater-going, cigar smoking, &c., and invest your small capital in some medicine that will be a lasting benefit. For instance, Cousen's Compound Honey of Tar costs only 50 cents, and will cure your Cough, Cold, and all diseases of the Throat and Lungs. Try it. For sale by W. P. Carriger, Morristown, Tenn.

**THE SCIENTIFIC AMERICAN.**

THIRTY-THIRD YEAR.

THE MOST POPULAR SCIENTIFIC PAPER IN THE WORLD.

Only \$3.00 a Year, including Postage. Weekly. 52 Numbers a Year, 4,000 book pages.
